Verdi Man Killed In Auto Accident; Others Are Hurt

One man was fatally injured and four others hurt in three automobile accidents in this area during the weekend, the California Highway Patrol reported.

William Howard Cheverie, 22, a student at the University of Nevada and resident of Verdi, was killed Sunday morning shortly after 6 o'clock when his car plunged off the freeway 9½ miles east of Truckee and was demolished.

Investigating officers said Cheverie was apparently traveling east at a high rate of speed and lost control of the vehicle on a turn.

A passing motorist saw the wrecked car and reported it to the Nevada Highway Patrol at Lawton's and the patrol their immediately notified the California officers.

The young victim was buried at Boston, Mass., his birthplace on Wednesday, according to the Truckee Colonial Mortuary which took care of the local arrangements.

His wife, Diane of Verdi, Nevada and his parents, Mr. and Mrs. Carroll Cheverie of Illinois and a brother, Carroll of Concord, California are survivors.

Three San Francisco women, the driver Fern Eleanor Linder 39, Victoria Shinskey, 41, and Margaret Nielsen, 42. were injured, the latter seriously when their car wen toff the Squaw Valley road Saturday at 11 a. m. and crashed into a rock. They were brought to the Tahoe Forest Hospital by Truckee Ambulance.

Mrs. Linder was cited for not having her vehicle under control in a mountain area.

Harry Burle Jacobson, 41, Tahoe Vista, was cited for driving while intoxicated and being on the wrong side of the highway after his car left the highway on Brockway Hill and was wrecked Monday morning at 2:30 o'clock. The investigation was being conducetd by State Patrolman Gautsche and Deputy Rick Schroeder of Washoe County.

Jacobson was treated for a broken wrist, the officers reported.

Condemnation Of Land Bill Passed

The state senate has passed the assembly approved measure, AB 1, Unruh, which restores to the state the power of condemnation in Squaw Valley.

As explained on the floor of the senate by Senator Ronald G. Cameron of Placer County, the power was removed in the original Squaw Valley legislation providing for state participation in the recent Winter Olympic Games.

"It is desirable and necessary to have this right in the future operation in this area," said Senator Cameron.

Senator J. Howard Williams of Tulare County took the floor against Cameron. He called the Squaw Valley situation a mess and declared there is plenty of evidence to indicate the state should not retain land there and operate a winter resort in competition with private interests.

The state park commission has decided to continue operation of the Winter Olympics facilities as a permanent state park. Funds are provided for the acquisition of 30 additional acres for parking.

This and other possible areas for expansion cannot be condemned under the provision of the present law.

The park commission has indicated it must consolidate its holdings in the valley and must have the power to negotiate settlements with Alexander Cushing and Wayne Poulsen, principal private owners in the valley.

The largest of which was $1,925 for a survey of the land to be acquired for the airport and $344.92 for election expenses plus $134.42 for directors meetings and stationery supplies.

Home Damaged In Sunday Fire When Spark Hits Roof

The home of Mr .and Mrs. Glenn Coffey on Church Street was extensively damaged by fire Sunday afternoon shortly before 3 o'clock. The fire apparently started on the roof of the frame building from an outside spark. There was no fire in the Coffey home at the time.

Mrs. Coffey and her daughter, Nona Rae, were in the house at the time and made an investigation when they smelled smoke but could discover no fire. It was not until a motorist spotted the fire on the roof and warned the occupants that the source of the smoke was discovered.

Coffey, who is chief of the fire department, was at his garage at the time.

The fire department responded with its usual alertness and soon had the situation under control, preventing the fire from attacking other nearby dwellings and confining it to the roof.

While the loss was not officially made known immediately it is expected to run between $3,000 and $4.000.

Burglar Escapes Under Fire After Office Is Robbed

Deputy Sheriff Roy Waters said today an early arrest is expected of the suspect who Wednesday morning shortly after 4 a. m. broke into the offices of Dr. Robert Affeldt and escaped with cash totaling $12 to $14.

The suspect eluded the five deputies and escaped down the alley after one shot was fired at him by Deputy Emery Lander.

Waters was called to the scene by Howard Staser, operator at the Southern Pacific depot, who spotted the man in the doctor's office across the street. Waters summoned the other deputies after a brief investigation and they merged upon the office.

The burglar had entered through a side window from an adjoining roof top, leaving his hat and coat where he entered.

Waters guarded the stairway leading to the second floor office, while other officers, Preston Patnoude, Robert Schooley, Leo Zander and Lander went to the rear of the building.

The suspect started down the stairway and one of the officers yelled to Waters to nab him. Warned that the stairway was guarded, the burglar fled back up the stairs and broke through a rear window, ran across the roof and down into the alley. In the darkness, the officers lost track, but one glimpse gave Lander an opportunity to fire. It is believed the shot did not take effect.

Identification in the coat, however, may result in the man's apprehension, Waters said.

The "Little Olympics" were almost as exciting as the big February show. Lake Tahoe Ski Club's annual junior invitation tournament last Sunday had some 125 contestants. After the giant slalom at Powder Bowl and jumping at Squaw Valley the exuberant young skiers, their parents and friends dined at Tahoe Inn on fried chicken, and applauded the trophy presentations by the new ski club president, Jimmy Baker. Retiring president Dinty Moore and Bill Bechdolt did a fine job getting race results which were announced as the contestants ate.

Winner in the jumping event were Bill Taylor, Class 1; Mike Marvin, Class 2; Gary Moore, Class 3; Jim Bechdolt, Class 4; Tom Carnell, Class 5.

In the giant slalom, Jim Heuga first in Boys Class I; Dick Nielson, Class 3; Girls, Class 1, Judy Bacon, Squaw Valley; Class 2, Patty Lewis; Class 4, Alexandra Cushing, Squaw Valley.

Young Eric Poulsen, who qualified for a season pass at Powder Bowl by breaking his leg there, managed to get to Tahoe City for the presentations handling his new crutches with the same skill he handles his skis. All members of the broken-leg-squad at Powder Bowl get a free pass as somewhat of a consolation.

Dinty Moore reports that this Friday will be the final meeting of the season for the Lake Tahoe Ski Club. The recent election of officers resulted in only one change. Dinty Moore is taking Jimmy Baker's job as tournament director, and Baker assumes the presidency. Re-elected were Ray Fellows, first vice president, Carnelian Bay; second vice president, Pascal Heuga, Lake Forest; treasurer, Max Hoff, Homewood; secretary, Dorothy Caulkett, the Highlands; recording secretary, Lucille Heuga, Lake Forest. Race chairman, Dave McBride, and his assistant Babette Haueisen. chief of hill, Wayne Poulsen, Squaw Valley and his assistant Tim Sullivan. Four directors at large will serve again—Jack Starratt, Bob Stark, Floyd Carnell and Bill Bechdolt.

Carl Bechdolt, Sr. reports that his good friends, the Ed Stollerys of San Mateo, have purchased the Town and Country Lodge and take posession April 6. The Stollerys operated a skating rink in San Mateo for some 30 years, according to Carl, and were just house hunting when they visited the lake.

Swanee plans a visit to daughter Phyliss in Illinois this spring and is hoping to return to Tahoe when her health permits. Swanee also enjoyed a family reunion party at the Jimmy Bakers.

If you have changed your post office address since the last election, due to a post office closing, or other reason, you must reregister.

DONNER DOINGS

By VIRGINIA O'BEAR

Fishing season opened on Donner Lake last Saturday and from reports, the fishing is good. The first one to catch a fish in our family this season was our five year old son, Mike. He caught a 15 inch rainbow while fishing off our float but of course it took Dad and brother Dave to help land him. Many boats were out on the water and at the last count, and average was given between 85 and 100 boats. Lee Miller of Folsom landed a 14 pound mackinaw Saturday but Bill Knapp caught a 17 and a half pounder which I believe is the largest so far at this writing.

* * *

Mr. and Mrs. Arthur Rich and four children were up for the weekend to get in some fishing. Eleven year old Bobby caught his limit Saturday and Sunday so he was a proud little boy as well as his grandparents at the Gateway Laundromat.

* * *

A. R. Carles is up from Los Gatos for a week and has been getting his limit of Kokanee nearly every day. Monday he caught three beauties but said he lost several that he hooked. The Kokanee have very tender mouths and should be brought in slowly when you get them on your line.

* * *

Mr. and Mrs. Rex Reid spent last weekend in Monterey and while there visited their son, Larry, who is stationed at Fort Ord. Bess said she had a wonderful trip and enjoyed seeing Larry.

* * *

Mrs. Robert Jones returned home Monday after spending a few day in the bay area. She has been helping take care of her brand new baby niece.

* * *

Mr. and Mrs. Ed Urst spent the weekend at their summer home here and worked on their runabout boat in order to get it ready for future weekends of relaxation from their upholstery shop in Reno.

* * *

Mrs. Richard Walker has been very busy visiting the various service clubs meetings in regards to candidates for the Miss Donner Lake contest sponsored by the Ladies Auxiliary of the Donner Lake Volunteer Fire Department. The clubs are impressed with sponsoring a candidate and will submit their choice by April 19. The candidates will be presented at an old fashioned box social to be held at the new elementary school on April 30, at 6:13. The ladies attending will have fun preparing a decorated box with food for two and it will be auctioned off to the highest bidder. The admission is free but you must be there with yuor free ticket for it to count for the candidate of your choice for Miss Donner Lake.

* * *

The next meeting of the Ladies Auxiliary will be held at the Church of the Mountains in Truckee at 7:30 sharp. Be sure to attend and take a friend or two as there is a membership drive on this month and a prize to the one who gets the most new members. This will be the last meeting before the old fashioned box social so if you want to get in on the fun, find out all about it at this meeting, and enjoy a delicious dinner.

Donner Lake Resorts have had a busy week wiht vice president Ivan Tofft working on the huge sign obtained through the Truckee Donner Chamber of Commerce. The sign is 16 x 32 feet and Jack Melugin sprayed the background and Bill Englehart has agreed to do the lettering. The sign will be put up on Highway 40 near the foot of Donner Summit and will attract many motorists to our entire Truckee Donner area. Resort members are in the process of renaming the organization and may offer a prize to the one who submits the name used. Since most business people at Donner Lake have shown an interest in promoting Donner Lake to the vacationers, a more suitable name is desired to include all businesses here. If you have a name to enter, send it to Donner Lake Resorts, Truckee . . . with your name and telephone number and address.

Don't forget to enter the Fish Derby. Prizes will be awarded on May 15 for the largest fish caught and limit.

Mr. and Mrs. Fred Kilner who wintered at San Rafael, have returned to Tahoe City for the season.

WILLARD HARVEY IN ASSEMBLY CONTEST

Willard L. "Bill" Harvey, 58-year old Colfax land developer and lumberman, filed his declaration of candidacy yesterday at Auburn for the state legislature from the 10-county Sixth Assembly District.

The sixth district includes Nevada, Placer, Eldorado ,Calaveras, Amador, Tuolumne, Alpine, Inyo, Mono and Mariposa Counties.

"Long time involvement with problems concerning water, power, timber, mining and natural resources has given me a thorough knowledge of these vital economic factors in our district, which the present administration in Sacramento seems to lack, and I will work aggressively for the best interests of all segments of our district," Harvey stated on his declaration of candidacy.

A member of the Placer County Republican Central Committee, Harvey has lived and operated his own land development and lumber business in Colfax for 13 years.

RALPH BLY NAMED TO HEAD ROTARY IN TAHOE CITY SESSION

TAHOE CITY — Election of officers for the fiscal year 1960-61 at the March 29 meeting of Tahoe City Rotary Club dinner meeting at Tahoe Inn resulted in Vice President Ralph Bly being moved up to president and director Gordon Moyer advancing to the office of vice-president. Secretary Harold Farr and Treasurer Harry Johanson were retained in their respective offices.

The new directors are Charles Cross, Jr., Tony Donadio and Herman Tiedemann. The slate of officers proposed by the election committee was accepted without contest. The first meeting in July ends the fiscal year.

Speaker for the evening was George Requa, chief of the Arcada Fire Department and a member of the Arcada Rotary Club. His subject, addressed to a joint meeting of Rotarians and local firemen was controling and the final extinguishing of liquid gas fires. He defined liquid gas as that used in many homes under various trade names.

Requa warned that if a nearby fire has caused a flame at the safety valve on your gas tank, never try to extinguish it for the escaping gas will spread and possibly ignite elsewhere. Cool the gas tank with water, Requa said, and the flame will diminish—in the meantime get your service line shut off.

At the close of his talk, Requa showed a color film of a gas tanker on fire and how the firemen brought the fire under control. He said the photographer who just happened along had taken a film that has been in such demand that many copies have been made for showing as far away as England. Local Fire Chief Al Henry introduced the speaker. Vice President Ralph Bly conducted the meeting attended by 40 Rotarians and firemen. Bill Bechdolt was one of several Rotarians away on vacation.

DO WE HAVE TO DO THIS

We build better roads. We retain traffic engineers to make them safer. We pass traffic laws—hire officers to enforce them. Then—we junk all these safeguards by speeding, passing lights, ignoring warning signs. Where's the sense? Such law violations breed accidents that injure and maim thousands daily! The remedy? Drive safely—drive lawfully. Where traffic laws are strictly obeyed, accidents go down!

FACE THIS FACT

Drivers are the No. 1 cause of traffic accidents which last year injured 1,400,000 and killed 38,000. This year an increase is threatened. How long must this go on? YOU can supply the answer!

EASTER EGG HUNT BY ROTARY PLANNED

KINGS BEACH—At 6 p. m. Monday, March 28, the Rotary Club of North Lake Tahoe gathered for Dick and Ruth Lavery's annual cocktail hour.

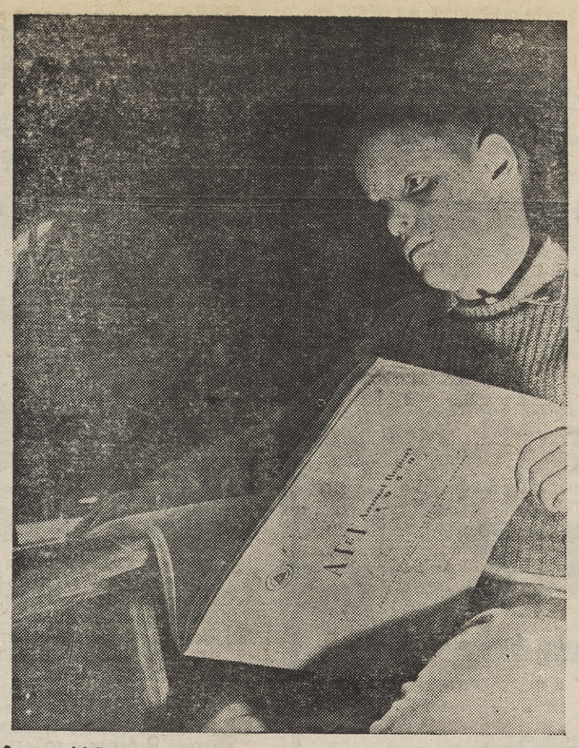

The regular meeting was called to order at 7 p. m. at Crystal Bay Club by President Mex Springer. Visiting Rotarians were Harry Rosenberry, Harry Johanson of Tahoe City, Ellsworth Chappell and Cap Plimpton of South Lake Tahoe, Bill Wilt of Tahoe City.

Visitors were Duff Casella, Harry Charrison, Aaron Abbott and Bill Bates from the local area, Carl Moran, Don Beck and Herb Clegg from Auburn, Andy Anderson from Forest Hill and Frank Paoli from Colfax, David Mays from East Bakersfield.

Plans were made for the annual Rotary's Easter egg hunt, to be held Saturday, April 16, for pre-school children through the 5th grade. A movie is also scheduled.

John Rayburn explained the Shrine Club's dinner to finance children's activities went several thousand dollars beyond their expectations. He said that he wanted to have publicity on this, because the money will have to be spent within the club's fiscal year. The clubs want suggestions from any and all local residents as to how the money could best be spent.

CITIZENS ARE URGED TO REGISTER FOR JUNE 7TH PRIMARY

By CONGRESSMAN 'BIZZ' JOHNSON

April 14th, one week from today is an important date for all Californians. That is the close of registration for the primary election.

One of the privileges of living in this free nation is our opportunity to go to the polls and express our views, select our representatives and make our voices heard. More than a privilege, it is a responsibility.

Freedom can be lost as fast or faster from lack of interest and poor participation in our government than from aggression from the outside. A nation that doesn't care invites its own destruction.

A country where an informed populace is active in its government will never fall from deterioration from within and will pose to the rest of the world a picture of strength which will help maintain its freedom.

That is why elections are so important to everyone, regardless of your political beliefs.

The first step is registration. So if you have not registered before or if you need to register again because you have moved, changed your name or failed to vote at the elections two years ago, may I urge you to go immediately to your county clerk or registrar of voters and register to vote.

In the days between now and the June 7 primary election, inform yourself of the issues which will be decided at the polls that day and then go and cast your ballot.

Regardless of your political views, this is the best way of exercising your responsibilities toward obtaining the type of representation you desire in your local government, your state government and your national government.

Remember it is your government only as long as you take an interest and an active part in it. If through apathy a person waives his responsibilities and privileges of government, he must expect poor representation and runs the risk of losing these rights of a free government.

DINNER PARTY

Members and friends of the Episcopal Church enjoyed a wonderful evening at the Crystal Bay Club last Friday night. It seemed to me that the whole delightful people of Tahoe City were present and enjoyed themselves to the limit. They thank the management of the club for their hospitality.

Oh, yes, those birthdays will come, no matter how we hold them. Babe Klitzke held hers back for a year but it caught up with her. Have a hundred more, Babe.

DIXIE REESE

I understand from his dad that Dixie and his good wife, Mabel, are doing swell at the Fremont in Las Vegas. Dixie presented his dad with a brand new car recently. D. L. was so happy about it.

FARMERS

Had a visit from the Henry Gratons yesterday. They tell us they have almost 200 acres near Smith Valley, Nevada, with about 40 chickens, expecting a litter of pigs this week, a beautiful cow supplies them with their milk. They say they need rain for their alfalfa patch. Also with this wonderful family, their lovely daughter, Marsha. She is attending the nurses training school at the Holy Cross Hospital in Salt Lake City, Utah the same one Joellyn attended and was very successful. Hope Marsha does the same.

ROTARY BULLETIN

Congraulations to Wiley Jones and Tom Sutton in the drawing up of last months issue. It was a cracker jack. Thanks for mailing me one, I appreciate it immensely.

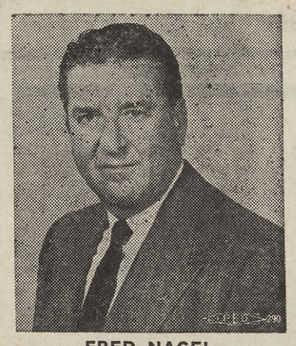

TRAILERS AGAIN

To those that do not know, there is an ordinance governing trailers brought into this area of Placer County. Inquire about it from the sheriffs office or Harry Stubley of the planning commission.

The ordinance does say that you cannot have a trailer anywhere only under certain conditions, one of which is if you have a building permit and have started to build. You may park a trailer for six months and at the end of that time if you have not completed the building you may apply for another such period—but I think the latter will have to be changed somewhat. So tell your friends who are contemplating moving a trailer in, that they must park in a trailer court or trailer park.

BUSINESS LICENSE

Attention is again called to a recently passed Placer County ordinance which requires that everyone engaging in business within the county shall first obtain a business license from the county tax collector. A penalty of six months in jail or a $500 fine is the maximum. A separate license must be obtained for each branch establishment or place of business in the county.

ATTENTION CALLED TO SPEED LIMIT ON CARS WITH TRAILER

The speed limit for automobiles towing trailers on public streets and highways is 45 miles per hour and this limit will be strictly enforced, reports the California Highway Patrol.

The speed limit applies to all passenger cars regardless of weight and to commercial vehicles weighing less than 4,000 pounds when towing any trailer coach, trailer, semi-trailer, or other type vehicle.

Bradford M. Crittenden, commissioner of the patrol, noted that the 45 mile per hour limit is a fixed minimum and not a "prima facie" limit.

"This simply means that such motorist who exceed 45 miles per hour while towing a trailer is in violation of the California vehicle code," Crittenden declared. "He will not be able to plead that existing conditions made it safe for him to exceed that speed."

Crittenden noted also that the vehicle code requires motorists drawing trailers to have proper lighting, approved connections between the car and the trailer, and adequate rear-view mirrors.

"More detailed information concerning the rules and regulations governing towing of trailers may be obtained from any office of the California Highway Patrol," the commissioner said.

WALLY BRUNKER IS AGAIN CANDIDATE

Weston W. "Wally" Brunker, who lost a special election for the state senate from the seventh district last April by less than 500 votes, filed today with the Nevada County Clerk for the state senate from the three-county 7th District.

"The problems of ever higher government spending, crippling, confiscatory taxation, and unsound financing schemes, become more critical with each passing day. I believe that my education and training as a certified public accountant and my experience in government as finance director of Nevada County, have given me unique qualifications to provide the people of the seventh district effective representation in the state senate, and to work constructively toward the proper and permanent solution of these problems," Brunker stated in announcing his campaign for the senate seat.

"I intend to wage an aggressive campaign to convince every voter that we are not getting honest value for our tax dollars and that this is absolutely essential, if the State of California is to survive the continuing population explosion without complete economic chaos and financial ruin," the 33 year old Grass Valley civic leader added.

GRASS VALLEY WILL HAVE RADIO STATION

WASHINGTON, D. C.—The federal communications commission has advised Congressman Harold T. (Bizz) Johnson, representing Nevada County, of receipt of a radio station application for Grass Valley.

The FCC advised that Charles W. Jobbins of that community has filed a construction permit for a new standard broadcast station to be operated on 790 kilocycles with power of one kilowatt and daytime hours of operation.

HOME BUILDING MAY HIT NEW HIGH MARK

Paul Claiborne, president of Placer Savings and LoanAssociation of Auburn, today predicted home building would reach a new high in Northern California in 1960.

In reviewing the activities of his institution, since it was organized 14 years ago, it has loaned a total of $11,121,000 to build, purchase, and refinance homes in the area it serves. Significantly, he says, $5,057,000 of the money loaned was for the construction of 745 homes.

The continued influx of people to the area and the easing of loan money is the basis of Claiborne's prediction. Likewise, he believes, Placer Savings will be able with the savings on the increase in his institution to continue its home financing at an accelerated rate. He points with pride to Placer Savings home financing record, considering Placer Savings started in 1946 with an original investment of only $30,000.

Directors of Placer Savings and Loan Association are Ray Carlisle, B. W. Cassidy, R .E. Dahlberg, G. S. Malcolm, K. D. Robinson, A. M. Sather and Paul Claiborne. John A. Livingston is director emiritus.

RENO DEFEATS LOCAL TEAM BY 6-3 SCORE

The Reno Huskies defeated the Tahoe Truckee Wolverines 6-3 in Reno last Friday. This was their first conference game, on the way to a possible championship.

Sam Medford went all the way with a neat two-hitter for the Wolverines, only to lose on errors and walks.

Reno used almost their complete pitching staff, as six members walked to the mound.

Last year, Reno went to the state championship, and lost only two lettermen. This season they should really be great.

The Wolverines played fine ball throughout most of the game, but committed errors freely, which eventually lost the game for them. They suffered from the lack of first basemen-pitcher, John Zanotti, whose bat could have helped them.

DISTRICT GOVERNOR ATTENDS 20-30 MEET

M. T. Galantuomini of Reno, district governor of Nevada of the Twenty Thirty Club was a guest at the meeting of the re-organizing group, April 4 at the Donner Hotel. The affair convened at 7:30 with a dinner, according to Leon Hutchins, reorganization chairman.

If the local group again becomes active, there will be reprsentatives from Truckee at the district convention to be held April 23 and 24 at Loyalton.

Repair Gas Line

The gas line at the new freeway inspection station which was previously installed by a valley contractor last summer was repaired this week by the Truckee branch of the Ransome Company of Nevada under the supervision of L. C. Hubbard ,manager.

All repairs have been inspected and accepted by the State of California.

THEFT REPORTED

Mrs. Florence Tremayne reported to the sheriff's office that during the past month a movie camera and projector and a portable barbecue have been stolen from her home. The door had been left unlocked but there was no sign of forced entry.

TAHOE WEATHER

TAHOE CITY — The warm weather recently has reduced the snow pack at Tahoe City to zero, no precipitation having been recorded since last week. The temperature has ranged from a low of 29 to a high of 58. With all gates closed ,the level of the lake Monday was 6225.81, subject to revision.

In Hospital—
Word from her home at Livermore is to the effect that Mrs. J. H. Bernard, former well known Truckee resident, is scheduled to undergo surgery at the Merritt Hospital in Oakland this week.

Joseph From Las Vegas—
Richard Joseph motored from Las Vegas last week with his sister, Mrs. Roxie Archie who had gone there by airplane during the weekend.

From Earp—
Mr. and Mrs. Ben Lobnow who spent a month at Earp, returned to their Truckee home.

DONNER RESORTS TO SELECT NEW NAME

Resort owners, business people and visitors are invited to attend a meeting at Don Lac Lodge next Tuesday at 7:30 where it is hoped a new name for Donner Resorts can be born. A prize will be awarded the person submitting the most suitable name.

At the same meeting, a candidate for the "Miss Donner Lake" contest will be chosen and anyone having a candidate is asked to have them present.

A report will be given on the current fish derby and other advertising projects. It is important that all property owners at Donner attend this meeting. Ivan Tofft will preside.

FISHING SEASON ON DONNER IS OPENED

Although there were some nice limits taken from Donner Lake on the opening of the trout fishing season there, disappointment, for the most part rewarded the hundreds of anglers who took advantage of the fine weather to participate in the opening.

Sportsmen contribute the lack of fish to the fact that the water is still too cold and expect better results as the temperature rises.

Reports are that those fishing from the bank caught many large large rainbow, but the trollers had less luck. Kokanee were scarce indeed, most fishermen said.

Mrs. Dolores Osburn has returned from a trip to Alaska.

Daughter Born

Laura Lee joined her parents, Mr. and Mrs. Robert Horton of Truckee upon her arrival at Tahoe Forest Hospital, March 31.

Laura's first weight was registered at 7 pounds, 4¾ ounces. Horton is a member of the California Highway Patrol.

E. and Richard C. Mandeville for a land use variance to establish a concrete batch plant, equipment shop and service building, storage building, and warehouse, office and single unit apartment in a commercial zone, on the following described property:

Lots 1, 2, 3 4, 53, 54, 55, 56 Block HI, Brockway Vista Subdivision; Coon Street from Cutthroat to Speckled, Kings Beach, California.
